A dark, grainy photograph of a city at night. In the background, a large fire or explosion is visible, with bright orange and yellow flames rising into the dark sky. The city buildings are silhouetted against the light from the fire. In the foreground, several people are visible as dark silhouettes, some appearing to be looking towards the fire. The overall atmosphere is somber and chaotic.

Remember, the Federal Reserve Act (1913) gave JEWS control of America's MONEY. Followed by control of America's main sources of information .

Early on, during the war-torn 20th Century, the only broadcast networks : ABC, CBS, and NBC — were JEW owned. Today, JEWS control ALL important sources of information (The major networks, Newspapers, Magazines, Book-publishing, Tin-Pan Alley, Music & Recording Industry, Hollywood, Encyclopedia Britannica, Public schools and Universities, the Catholic Church, etc.).

Bit by bit Liberalism ascended. Bit by bit the Constitution was re-interpreted. Bit by bit government institutions and Congressmen fell into JEW hands — then U.S. diplomacy, businesses, resources and manpower came under JEW control.

Whitemen sat on their collective asses and did NOTHING - NOTHING BUT TALK. Never before in World history has a Nation so completely been conquered with absolutely NO physical resistance.

Whites LOVE their Enemies.

Today, on the World stage, Whitemen are LAUGHED AT, their women bred by stronger men.

And America ?

America is a Third-World racial garbage-dump — stupid, ignorant, dead-broke, and terminal.

Prepare to die, Whitey.

James von Brunn fought the Jews on every level. He was dedicated to truth. But like so many white folks that have had enough of the goddamned liars, he did not do any planning but just went on a rampage.

Why he didn't just take out a few rabbis, Jew bankers and ADL members instead of shooting up a building and shooting a guard, makes no sense.

There will be more of these kinds of attacks on the kikenvermin. Let's hope some of these guys do some planning next time and do some real damage instead of just blowing off steam like this. I guess he just reached the holy number of 88 years and figured it was time.

God Bless James von Brunn.

### ⚠ White Racist Treasure: James Von Brunn

To begin this thread, please take a look at:

<http://www.holywesternempire.org>

the site of James Von Brunn, author of \_Kill The Best Gentiles (Tob Shebbe Goyim Harog!)\_. The first 6 chapters of his book are available for free downloading from [holyywesternempire.org](http://www.holywesternempire.org). \_Kill The Best Gentiles...\_ is a valuable resource for me. You may benefit from it, as well.

James is a Gentleman I have great admiration for. From his biography:

"James W. von Brunn holds a BachSci Journalism degree from a mid-Western university where he was president of SAE and played varsity football. During WWII he served as PT-Boat captain, Lt. USNR, receiving a Commendation and four battle stars. For twenty years he was an advertising executive and film-producer in New York City. He is a member of Mensa, the high-IQ society. In 1981 von Brunn attempted to place the treasonous Federal Reserve Board of Governors under legal, non-violent, citizens arrest. He was tried in a Washington, D.C. Superior Court; convicted by a Negro jury, Jew/Negro attorneys, and sentenced to prison for eleven years by a Jew judge. A Jew/Negro/White Court of Appeals denied his appeal. He served 6.5 years in federal prison. He is now an artist and author and lives on Maryland's Eastern Shore."

When I first read his biography, I realized James Von Brunn had taken direct action to deal with the banking cartel that controls and destroys so much of our lives and somehow I had never heard of his heroic deed. How could that be? How could such an amazing deed go unremarked by the journals and books that deal with monetary systems and how we are controlled by them?

After speaking with James, I must conclude many who were in a position to shine light on the situation were afraid to do so.

James Von Brunn endured having his house burned down in retaliation for publishing books that the jews viewed as hostile to their financial interests. James endured jail and personal sorrows as a consequence of his refusal to submit to tyranny.

My nomination for White Racist Treasure: James Von Brunn.

Please feel free to add your nominations for White Racist Treasures to this thread. Thank you.

# ALLEGED ABORTIONISTS AND THEIR ACCOMPLICES

## Tiller the Killer Aborted!

Due To The Recent Ninth Circuit Court of Appeals Decision We Have Reverted To A Version Of The Nuremberg Files Published Without The Strike Through Lines Defined By A Hysterical Ninth Circuit Court of Appeals As A "True Threat". (Most weirdly, the Ninth Circuit found that it was only the use of the strike through graphical device on the names of dead abortionists that somehow made the Nuremberg Files a "true threat." I temporarily removed that graphic device to conform to the cloud cocoo land decrees of the Ninth Circuit.)

Since we were forced to remove the names of the abortionists who were killed or wounded, we have found another list that contains precisely the same information that we had published with the exception that this list uses no graphic devices such as strike through lines, etc. The form and most of the content of the list that follows was obtained from a pro-abortion web site.

even urging followers hack various Iranian news websites (which they did successfully). The Twitter popularity caught the eye of various blogs such as Mashable and TechCrunch and even made its way to mainstream news media sites.

Were these legitimate Iranian people or the works of a propaganda machine? I became curious and decided to investigate the origins of the information. In doing so, I narrowed it down to a handful of people who have accounted for 30,000 Iran related tweets in the past few days. Each of them had some striking similarities -

1. They each created their twitter accounts on Saturday June 13th. 2. Each had extremely high number of Tweets since creating their profiles. 3. IranElection was each of their most popular keyword 4. With some very small exceptions, each were posting in ENGLISH. 5. Half of them had the exact same profile photo 6. Each had thousands of followers, with only a few friends. Most of their friends were EACH OTHER.

## Dark Cincinnati

The city of Cincinnati is named after Lucius Quinctius Cincinnatus, an ancient Roman citizen who became a hero to his nation by opposing the invading strangers to his homeland. He left his farm—knowing that his family would fare handsepe—to take charge of the army, and regain the rightful rule of the original Roman inhabitants. After the successful defeat of the plebes, Lucius went back to farming to live out a peaceful life. Lucius is the model of civic virtue that must once again emerge!

### Middletown Terrorism Shootout Trial Begins.

Vital Statistics (1/19/08) (age 74)

There is more black on-white than black on black violent crime.

Of the approximately 1,700,000 interracial crimes of violence involving blacks and whites, 90 percent are committed by blacks against whites.

Blacks are therefore up to 250 times more likely to do criminal violence to whites than the reverse.

Blacks commit violent crimes at four to eight times the white rate.

Whites commit violent crimes at approximately three times the white rate, and assault at one half to three times the white rate.

## Confessions of a human bomb from Palestine

Published by the website Free Arab Voice, this essay is by Hujayra al Arabi, a Palestinian woman preparing to become a suicide bomber. She is quoted as saying, "Patience may be a virtue, but it has to be patience coupled with determination to win this war. Without determination we will cease to exist...We can wait patiently while they pick us off one by one, or we can go out to meet them. I choose to go out and meet them. That is what being a human bomb is about."

Dear Readers of the Free Arab Voice,

We are proud to present to you a penetrating piece that goes into the personal and political feelings of a human bomb. Hujayra al Arabi conveys the role a human bomb in the struggle deliver a simple, yet very eloquent, message. She makes no apologies for the state of mind our people have been driven into. Rather, she seeks to drive the point home by avoiding the final person (I am), the human bomb (I am), who speaks to you now... This begins (Hujayra al Arabi)

Godsent is my brother and sister in Resistance in Iraq and in the Holy Land

I do not want to die. I am not in love with death. I am not even half in love with peaceful death like the English poem. I want to live. I want to have a home filled with children, and I will need to be a doctor. From the age of about six, I dreamt of becoming a doctor, of being able to save lives. I wanted to do something real that would save the lives of my people.

And yes, I see now that there are many ways of saving lives and that saving lives can be a part of the process of saving lives. That is where I am now, preparing to sacrifice in order to save my people.

The enemy tries to say that human bombs are cowards, that we were to die, that we sacrifice in order to go to a paradise where angels will talk to every man. Well, for a start, I can prove them wrong on the religious issue. I am a woman, and I have no interest whatsoever in being pleased by other wives, thank you very much. The fact of the matter is that this is nothing more than stupid propaganda, like so many of the enemy's lies. The young men who become martyrs for our cause are not doing so in order to encourage us to the battlefield. We do not do this out of hatred for the enemy, although the hatred is a thousand times deepened. We do it for love of the homeland and for

Jihad

This is what is clarified by the following fatwa, issued by **Sheikh Yusuf Al-Qaradawi** the prominent Muslim scholar:

The martyr operations is the greatest of all sorts of Jihad in the Cause of Allah. A martyr operation is carried out by a person who sacrifices himself, deeming his life less value than striving in the Cause of Allah, in the cause of restoring the land and preserving the dignity. To such a valorous attitude applies the following Qur'anic verse: **"And of mankind is he who would sell himself, seeking the pleasure of Allah; and Allah hath compassion on (His) bondmen."** (Al-Baqarah: 207)

But a clear distinction has to be made here between martyrdom and suicide. Suicide is an act or instance of killing oneself intentionally out of despair, and finding no outlet except putting an end to one's life. On the other hand, martyrdom is a heroic act of choosing to suffer death in the Cause of Allah, and that's why it's considered by most Muslim scholars as one of the greatest forms of Jihad.

Concerning the point on Hijab, a woman can put on a hat or anything else to cover her hair. Even when necessary, she may take off her Hijab in order to carry out the operation, for she is going to die in the Cause of Allah and not to show off her beauty or uncover her hair. I don't see any problem in her taking off Hijab in this case.

To conclude, I think the committed Muslim women in Palestine have the right to participate and have their own role in Jihad and to attain martyrdom.

Common Interest - Beliefs & Causes

This group is aimed at a belief/idea, not people. The purpose of this group is not to wage personal attacks towards divisions (people). However, the actions of these people will be criticized/scrutinized along with a belief/idea (Christianity) that motivates them.

There is no reason to believe that God, heaven, spirits, hell or the devil exists. Yet, there is no evidence against this supernatural realm. Just as there is no evidence against the existence of Zeus, Odin, Posee, Krishna, Aphrodite, Santa Clause, Leprechauns, the Tooth Fairy, the Easter Bunny, the Care Bears, Banana's in Pyjamas or the Invisible Pink Unicorn.

The weapon of Christianity is fear. This group signifies the end of this irrational fear. This group is a call for reason.

**Recent News**

Faith is the great cop-out, the great excuse to evade the need to think and evaluate evidence. Faith is belief in spite of, even perhaps because of, the lack of evidence.

Hizbollah(Hezbollah) is a popular resisting trend against occupation and terrorism, we call on the people of the world to distinguish between aggression, which is none other than terrorism, and the honest resistance that is the only way to deter the aggression and confront the terrorism resulting from that aggression. Israel is an aggressive entity that practices terrorism; occupation is one of the forms of terrorism.
